A CELEBRATION OF
HEART

PRESENTED BY

2022 Sponsorship + Ticket Package Opportunities

May 19, 2022 /// Chase Center

Our Mission

It is the mission of the Challenged Athletes Foundation to provide opportunities and support to people with physical challenges so they can pursue active lifestyles through physical fitness and competitive athletics. We believe that involvement in sports at any level increases self-esteem, encourages independence and enhances quality of life.

Our Programs

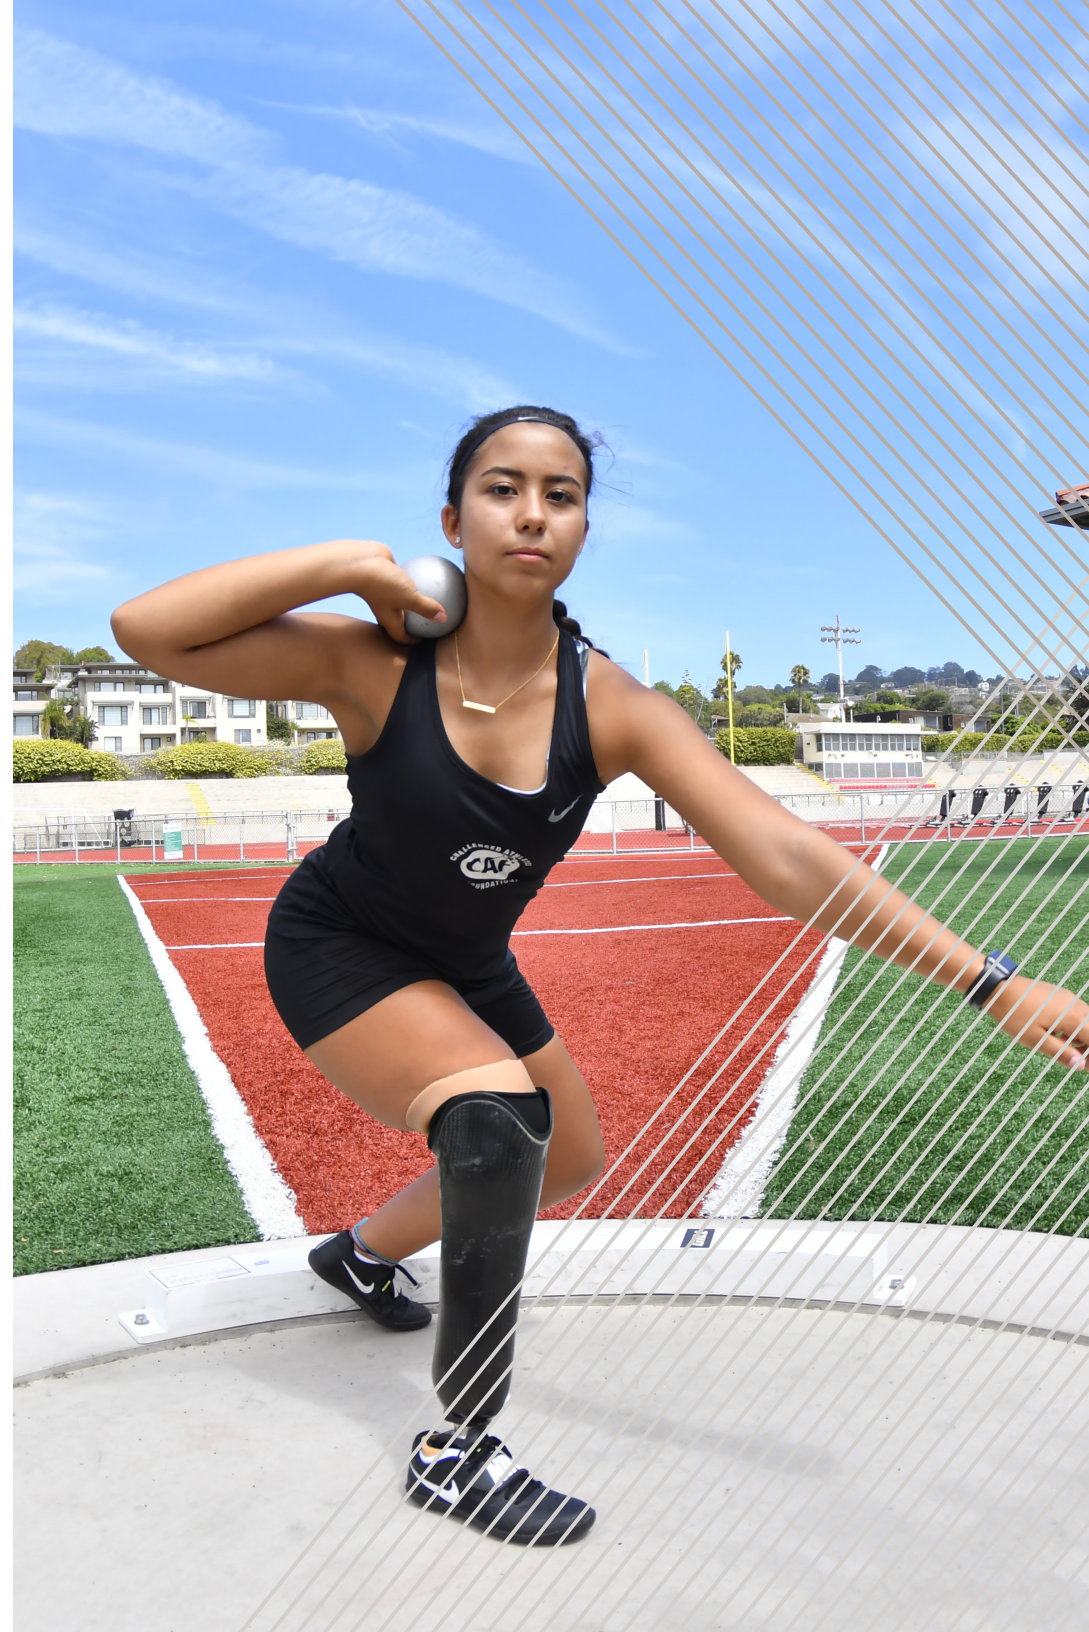

Grants for adaptive sports equipment like sports prosthetics, basketball wheelchairs, new all-terrain wheelchairs for trails, river, snow, and independence. Plus, funds for coaching, training, and competition travel -all typically not covered by insurance.

Camps + Clinics to include new adaptive sports clinics like Para Nordic ski, golf, sailing, rock-climbing, beach volleyball plus running, triathlon, swimming, cycling, wheelchair basketball and more!

High School Adaptive Sports Program provides inclusion for all athletes to participate on their high school track and field teams with coaching, equipment loaner program and resources.

Operation Rebound – support for injured military, veterans and first responders to strengthen their mental and physical well-being through sports.

Mentorship + Community – empowers newly injured and welcomes new people into the CAF community with mentors and a new CAF FIT kit being distributed through rehab hospitals, PT, and prosthetists.

Our Impact

CAF was founded 29 years ago on the belief that sports and an active lifestyle can **transform lives**. Even during this uncertain pandemic season, we were able to fund **3,038** athlete grants totaling **\$5.1** million across **94** sports. Our response to support those experiencing isolation, compounded health concerns and financial hardship was to create more community, inclusion, access, and innovation.

Some Key Highlights:

GRIT Junior Freedom Chair Innovation – we partnered on the R&D of a new kids' all-terrain wheelchair to give families the opportunity to explore trails, the beach, snow, and adventures together.

For the **Tokyo Summer Paralympics** this past year, over 55% of Team USA athletes were supported along their journey by CAF. Even more CAF athletes are competing on Team USA in **Beijing Winter Paralympics**.

Trailblazing with new camps, clinics, and support for **lifestyle sports** like beach volleyball, fly fishing, rock climbing, sailing, wheelchair curling and more!

Bay Area Growth

Our community of challenged athletes, families, donors, volunteers and corporate partners continues to grow. As a leader in sports, we are honored to have the **Golden State Warriors** involved. With over 130,000 people living in the Bay Area with a permanent physical disability, there is a lot **more we can do together**.

Basketball Wheelchairs continue to be the number #1 equipment grant requested. In collaborations with the **Warriors Basketball Academy** and local adaptive sports groups, we plan to develop new programming to empower more youth adaptive athletes to play and have the right equipment to do so.

Other program growth includes a Para Nordic ski camp in Lake Tahoe, adaptive golf clinic in San Francisco along with growing the reach of our High School Adaptive Sports program across the Bay Area.

Hosting our 5th annual Celebration of Heart at Chase Center is a dream come true. **Let's ignite the future together through sport.**
