## OUR MISSION

It is the mission of the Challenged Athletes Foundation to provide opportunities and support to people with physical disabilities so they can pursue active lifestyles through physical fitness and competitive athletics. We believe that involvement in sports at any level increases self-esteem, encourages independence and enhances quality of life.

## OUR NEED

Millions of individuals living with physical disabilities do not have access to the critical adaptive sports equipment and programming needed to be active.

- ▶ In 2022, CAF saw a 9% increase in grant requests and a 20% increase in equipment costs making our mission even more important.
- ▶ With over 700,000 people living with a permanent physical disability in the Greater NYC area, we have an incredible opportunity to impact their independence, confidence, and health with meaningful support and innovative programming.

## HEROES, HEART, & HOPE IMPACT

- ▶ In 2022, HHH raised over \$2.1M.
- ▶ Since 2016, HHH has raised over \$23 million.
- ▶ Supported the Northeast region by funding thousands of adaptive sports grants and held life-changing clinics and local events that have positively impacted the community.
