EPIC RIDES. PROFOUND IMPACT.

Over the past 30 years, CAF has seen individuals face some of life's most difficult circumstances and find their way to a place of joy and hope. While the benefits to sport and movement are widely studied and well known, barriers still exist for people with permanent physical disabilities. The high cost of adaptive sports equipment and increase in travel and participation fees are two of the most prevalent factors that prevent people from reaching their goals and achieving their dreams.

As a sponsor of the CAF Cycling Challenges, your brand/company will solidify your role in celebrating athletes of all abilities through a 10-month fundraising program that manifests itself into five, unique, epic cycling adventures. Committing to a high-level sponsorship will showcase your company through creative branding, high digital, social media, PR, news and broadcast inclusion while simultaneously aligning your brand with CAF in a unique and purposeful way.

Join the CAF cycling family, and help us celebrate over three decades of life-changing impact through the gift of sport.

DID YOU KNOW...

- **The high cost of adaptive sports equipment is not typically covered by insurance.** This includes items essential for play like basketball wheelchairs (\$2,800 - \$5,000), handcycles (\$4,500 - \$7,000), GRIT Freedom All-Terrain Wheelchair (\$3,000 - \$4,750), power soccer wheelchairs (\$7,800), and hockey sleds (\$750).
- **In 2023, CAF distributed 3,996 grants totaling \$7.1M in financial support.** Of those grants distributed, 33% of the athlete households CAF supported earned a yearly income of under \$20,000 and 26% of the athlete households supported earned a yearly income between \$20,000 - \$50,000.
- **The need for support continues to grow.** CAF received a 9% increase in grant applications in 2023 and an additional 9% increase in grant applications in 2024.

UNIQUE SPONSORSHIP OPPORTUNITIES

- **Purpose Driven**
Engage with our inclusive and diverse community and know your support is providing the gift of sport to people with physical disabilities.
- **Influential Network**
Train and ride with like-minded business leaders and philanthropists who believe that sports and fitness transcend into the workplace and should be accessible for all.
- **Co-branded Content**
Imagine your brand, products, services represented by CAF's athlete ambassadors and how to weave their stories, imagery and digital content into your messaging and customer outreach.
- **CAF General Audience**
CAF Cycling Challenge sponsors will be recognized through CAF 2024 Community Challenge and Celebration of Abilities events.
